Whatever happened to all those little lies?  
Whatever happened to all your little lies?  
Whatever happened to all those little lies?  
You wrapped yourself too tight this time  
Whatever happened to all your little lies?  
They cover you up and now you're screaming at the sky  
Who asked to be born and who wants to die?  
What are we other than ships just passing in the night?

Stay with me tonight  
I won't make a sound  
Won't you stay with me tonight?  
I won't make a sound

Whatever happened to all those little lies?  
You wrapped yourself too tight this time  
Whatever happened to all your little lies?  
They cover you up and now you're screaming at the sky  
Whatever happened to all those little lies?  
You wrapped yourself too tight this time  
Whatever happened to all your little lies?  
They cover you up and now you're screaming at the sky  
Who asked to be born and who wants to die?  
What are we other than ships just passing in the night?

Stay with me tonight  
I won't make a sound  
Won't you stay with me tonight?  
I won't make a sound  
Stay with me tonight  
I won't make a sound  
Won't you stay with me tonight?  
I won't make a sound

Whatever happened to all those little lies?  
Whatever happened to all your little lies?

Stay with me tonight  
I won't make a sound  
Won't you stay with me tonight?  
I won't make a sound

You fed them til they grew  
And then they covered up the best of you  
They covered up the best you  
So don't make a sound
