How long do you have to say that
This is not the person I used to know
You're not the person I used to know

So go on, go on, go on

Because lately you've been looking at me
Like you've seen a ghost
And isn't it obvious
Who's been missing who the most (missing who at all)

I just wish that you had called
Cause I would have said it all
I just wish that you had called
Cause I would have said it all

Oh I never was a man of many words
Mostly when they mattered most
Mostly when you mattered most

So go on, go on, go on

Because lately you've been looking at me
Like you've seen a ghost
And isn't it obvious
Who's been missing who the most (missing who at all)

I just wish that you had called
Cause I would have said it all
I just wish that you had called
Cause I would have said it all

In my dreams
You run back to me (my long lost friend)
Isn't it amazing in this world (my long lost friend)
That anyone can love (my long lost friend)
Anyone at all, anyone at all

Lately you've been looking at me
Like you've seen a ghost
And isn't it obvious

Who's been missing who the most

I just wish that you had called
Cause I would have said it all
I just wish that you had called
Cause I would have said it all
