Hey kid, you're in over your head  
Looked and you leapt  
And now all that you get is gravity and pain  
Like a movie I'm watching  
My nails I am biting  
And you are just fighting to stay awake

Now I just feel pathetic  
Like most things, I let it just push me aside  
But I can't stop my mind  
And now you, you just look pathetic  
Like most things, you've let them just push you aside  
I wish that you would just open your eyes

I miss when you and I were us and everything was ours  
Lost in an ocean of passing days and cars  
You stood out like every accident does  
Hey kid, you're in over your head  
It's over  
It's over your head

Now I just feel pathetic  
Like most things, I let it just push me aside  
But I can't stop my mind  
And now you, you just look pathetic  
Like most things, you've let them just push you aside  
I wish that you would just open your eyes

Keep open your eyes  
Just open your eyes  
Are you better yet?  
Hey kid, keep open your eyes  
Are you better yet?  
Hey kid, just open your eyes  
Are you better yet?  
Hey kid, keep open your eyes  
Are you better yet?  
Hey kid, just open your eyes  
I miss when you and I were us and every day was ours  
Lost in an ocean of passing days and cars  
You stood out like every accident does
