"Set Sail"

This fire's burning out
Ashes blowing in the breeze
Three strikes down
I think about

The chances you left to bleed
One more left to believe.

Maybe I can find out
If it's time for me to go
I'll leave you a note
And it's signed,
"The one you buried under"
And I hope you'll always know
When push comes to shove
You know you'll be first
To hit the bottom

If you lie when I question,
You'll be alright,
Just don't sleep at night.
Why should I try to live a different life,
When my heart is slipping out from under you.
Tomorrow I'll be home to say goodbye.

Set sail,
Maybe I'll be the wave
To sweep you off your feet
As you come to me.
Set sail,
In the water you are gaining speed
Coming back to me.

All the promises you made to me,
Someday I'll believe.
