"Sunrise Alive"

Get out alive
I swear I'm feeling something inside
I know these days our numbered
I'll drive away
For hearts to be alone it's the perfect day
The sunrays light the way.

The sun sets slow
As I search for something new
The sweetest thing can't even hear me screaming
As I search the sky to only find it falling
You lift it up again.

Sunrise alive
I couldn't say I slept last night
The clouds push out so blue breaks:
Hearts that beat the same
I know it's not a lie
I'll be holding my breath this time.

And you wrote down what I needed,
All this time I never new,
The sweetest thing can make my dreams come true.
