This is blood to me now  
Once you told me  
That I could be anything and you'd be proud  
Once I tried you skipped town  
I guess you've found out  
That I've got a good heart  
And I'm probably the best doormat in this town

And I bet  
(And I bet)  
That I miss my own smile more than anyone else  
And I bet  
(And I bet)  
You blame me for feeling this

You're in luck  
Cause I'm in love  
So tell me cause I can take it now  
Do you guys drive around in his car for hours and  
hours?  
And do you make fun of my songs?  
And how about when you're all alone  
Inside your room  
And it's me inside your headphones?

And I bet  
(And I bet)  
That it's my voice that's turning you on at the moment  
And I bet  
(And I bet)  
That you can't handle it

So what's it to you now  
Cause you've got him and I've got me  
And I really, really should only  
Realize that it's so dumb to be this young  
And live a life of worry  
I really should've stopped when I was twenty  
I'm chasing the good of nothing

And I bet  
(And I bet)

That I miss my own smile more than anyone else  
And I bet  
(And I bet)  
That it's my voice that's turning you on
