Give me the news on the rocks
And please, please, please
Fill it to the top
And if I built a house for every story
I could shelter this whole country
(I could shelter this whole)

So go on and leave
Cause I've still got my broken radio
(For good company)
Maybe it can't kiss or hug
But it can sing to save me

And is it weird that I go deaf
When you say that your sorry?
And babe, you're making this clear
That not everything can be fixed
(That not everything)
And even though you've made a perfect diamond out
of me
Still I sit here listening
You're cutting me

So go on and leave
(So go on and leave)
Cause I've still got my broken radio
(For good company)
And maybe it can't kiss or hug
But it can sing to save me

And she'll come back for more
And now I'm keeping score

She'll come back with misery
To rip everything right out of me
I'm just a ragdoll to this princess
Then put up for sale again
When there's pieces of cotton falling out
Well, who would want me now?
Cause I'd make a mess all over
Especially in your room

So go on and leave
Cause I've still got my broken radio
(Broken Radio)
(For good company)
And maybe it can't kiss or hug
But it can sing to save me

So go on and leave
(So go on and leave)
Cause I've still got my broken radio
(Broken Radio)
(For good company)
And maybe it can't kiss or hug
But it can sing to save me
