I saw things that gave me reason to justify attack.
In your hair and in your breathing, I know just what you
had.
Down with hope and down with you, down with all your
friends.
I've been trying too hard.

I don't wanna be there when you fall down, even
though you deserve it now.

Give it up you're going down. I hope you made it count.
Back it up, I'll back you out. Baby back down, back
down now.

I won't be the one to wait around.
For you to keep me honest.
I won't be the one to hit the ground.
Running when your lips are stuck to his.
I won't be the one to be let down.
I won't be the one so count me out.

I don't wanna be there when you fall down, even
though you deserve it now.

Give it up you're going down. I hope you made it count.
Back it up, I'll back you out. Baby back down, back
down now.
