"Count on Me"

I saw things that gave me reson to justify attack
In your hair and in your breathing
I know just what you had.

Down with hope
Down with you
Down with all of your friends
I've been trying too hard.

I don't want to be there when you fall down.
Even though you deserve it now.

Give it up you've going down.
I hope you made it count.
Back it up I'll back you out.
Baby back down, back down now.

I won't be the one to wait around
For you to keep me honest
I won't be the one to hit the ground running
When your lips are stuck to his
I won't be the one to be let down
I won't be the one
So count me out
