I feel like somethings
Coming onto me
It came so suddenly
I wonder if it's real
But I feel happy

For me I never meant for this to go this far
To go and see your scars
And let them hurt me too but they do
Im sorry

I use you for the love
Promise not to speak who told you that
You use me for the name
We give and we take
Im trying not to give myself away
Im sorry that I hurt you
Did I lie when I said I love you back?

You leave me
You walk away in vain
I need you
There's too much left unsaid
If I promise we can work things out
Would you stay with me tonight?

But I wont walk away tonight.
