"This Town, This Dream"

I feel it hunting me.
And no one else can see.
I am waiting on me knees.
For something better.

I feel it when you're gone.

Coping with these broken fists.
Dented walls and rip the lists of
My destined plan.

Turn off..Fade out.
I'm not ready to leave
This town, this dream.

I'm stuck here trying to forget,
But still it's stuck inside my head.
I won't give up, I won't give in.

I guess I never knew
How to start with the ending.
I never understood the words
You said to be the truth.

I'm on my own.
