Life in a war zone, you make the wrong move, remove  
your torso  
Guns blow back from the track, now the blunts roll  
Onslaught 24/7 now the funds flow  
Anybody gets in my way I let their guts show

Sick farms ain't doing shit without the big bucks  
Got you in my sites, bad luck, I bet you're lame ducks  
Who game sucks, got to the point, now my gags bust  
Come on man I don't give a fuck, who wanna test nuts

Scrapping, let's go toe to toe, I start the capping  
Shirt stamping, like Sherm on a stick, nines are  
clapping  
Who's that then, who wanna be next, I make your back  
bend  
Push comes to shove, no love, I make it happen

There's gotta be more to life than just this  
Your life compared to mine is like wine compared to  
piss  
You say it gets better, well fuck that (fuck that)  
You don't walk outside your house and feel the need to  
stay strapped

You never pay for rent off of cocaine and weed  
Man I dance with the devil but I never get to lead  
Don't get me wrong, if I could I'd make a change  
Been so bad for so long, any good is so strange

They say the grass is greener on the other side shit  
But the fence is in the way now and I ain't buyin' it  
I made a cloud of smoke but my feet are on the ground  
Even when I'm dead and gone, I'll always be around

I'ma walk to my funeral like my middle name was lynch  
In the game riding high, while you fuckers ride the  
bench

Skinhead Rob runnin' by, motherfuckers hit the fence
