She motions baby, come one with it, come on with it,  
I'm ready for anything, baby you and me.  
I'm feeling so over this. I'll let go of this. I'm ready for  
anything.

She said take me like you want me cause you're never  
gonna get me, alone,  
Again.  
Take me like you want me cause you're never gonna  
get me, alone.  
And I think you should follow me out, follow me out.

So let's go out tonight. I'm gonna show you all the ways  
I want you.  
Show me the way that you move your body.  
You know I love the way that you dance up on me.  
So let's go out tonight, and we can tear this town apart  
together.  
If you won't speak then I won't wait. You shouldn't think  
about it anyway.

Hold on tight, close your eyes, just take a breath and  
hold it in. It'll be  
Alright.  
What I'm trying to say, this that there is no other way.  
I'm thinking you should just stay and take me.

She said take me like you want me cause you're never  
gonna get me, alone,  
Again.  
Take me like you want me cause you're never gonna  
get me, alone.  
And I think you should follow me out, follow me out.

So let's go out tonight. I'm gonna show you all the ways  
I want you.  
Show me the way that you move your body.  
You know I love the way that you dance up on me.  
So let's go out tonight, and we can tear this town apart  
together.  
If you won't speak then I won't wait. You shouldn't think  
about it anyway.

I don't mean to be rude, I just have to ask you.  
This time I know I'm ready for this. I know this time I'm  
ready for this.

She said "Alive. Alive is my body tonight, and I'm dying  
to feel you  
Inside.  
But it's only this way tonight."

So let's go out tonight. I'm gonna show you all the ways  
I want you.  
Show me the way that you move your body.  
You know I love the way that you dance up on me.  
So let's go out tonight, and we can tear this town apart  
together.  
If you won't speak then I won't wait. You shouldn't think  
about it anyway.

I don't mean to be rude, I just have to ask you.  
This time I know I'm ready for this. I know this time I'm  
ready for this.

She said "I've done it again. I've done it again."  
She's smiling while undoing her dress,  
And loving this mess created by the loneliest kiss put  
on my lips,  
I know...
