Oh here we go, this the scenario,
These are the words coming from your stereo.
So turn us up and we'll turn you on,
Move your body to the beat of this song.

Yeah there you go, we've got your attention.
There's no need, for this apprehension.
Just turn us up and we'll turn you on,
Move your body to the beat of this song.

Just don't leave me hanging, that's all I'm saying.

Pick up the phone, pick up the phone.
This is an emergency call, urgency call.
You got me dialing 911, cause girl you are the only
one.
Pick up the phone, pick up the phone.
I know that you're sitting at home, sitting alone.
I know you want the 411, cause girl you are the only
one.

You got me here outside of your window, but all I hear
is the sound of a dial tone. So count me in, don't you
tune me out.
It's you and me, was there ever a doubt?

Now that you know, about my intentions,
what got us here, in this situation?
I'm begging you, just let me know,
so baby girl won't you pick up the phone?

Just don't leave me hanging, that's all I'm saying.

Pick up the phone, pick up the phone.
This is an emergency call, urgency call.
You got me dialing 911, cause girl you are the only
one.
Pick up the phone, pick up the phone.
I know that you're sitting at home, sitting alone.
I know you want the 411, cause girl you are the only
one.

Wait, listen up carefully, and move yourself to the beat.
Can't you see? You and me. We're as right as right can
be.

(Pick up the phone, pick up the phone.
This is an emergency call, urgency call.)
You got me dialing 911, cause girl you are the only
one.
Pick up the phone, pick up the phone.
This is an emergency call, urgency call.
You got me dialing 911, cause girl you are the only
one.
Pick up the phone, pick up the phone.
I know that you're sitting at home, sitting alone.
I know you want the 411, cause girl you are the only
one.
Pick up the phone, pick up the phone.
Pick up the phone, pick up the phone.
Pick up the phone, pick up the phone.
