Sistermoon -- Pop Art

By Transvision Vamp

Hey Sister Moon are you coming round soon

Hey Sister Moon, in your midnight blue

Hey Sister Moon, are you coming round soon

Hey Hey and Sister Moon, oh I've been missing you

Now if you take my heart you can take my hand

And I will be with you in the big land

And groove on Sister, groove on Sister Moon

Groove on, my baby, groove on,

grove on Sister Moon

Now Sister d'you remember all of those days

All those crazy nights seem lost in a haze

But every new moment that's a brand new start

When you got the nature down deep in your heart

And as the mountains move on the winds of change

There's no fear of the end, when you've got the world

Running in your veins

So groove on Sister, groove on Sister Moon

Groove on, my baby, groove on,

grove on Sister Moon

Now you got the skies and you got the stars
And you got the power to break a young heart
Yeah you got the power and you got the life
And you got the love to make it alright
Hey Sister Moon are you coming round soon
Hey Hey and Sister Moon, I've been missing you
So groove on Sister, groove on Sister Moon
And groove on, my baby, groove on,
groove on Sister Moon
Now you can take my heart
and you can take my hand
And I won't feel blue when you got the stars
Shining down on you
And groove on Sister, groove on Sister Moon
Groove on my baby, groove on
groove on Sister Moon
Groove on Sister Moon, groove on Sister Moon
Oh won't you, won't you, won't you,
won't you groove on
With me beneath the stars,
take my heart to the stars
To the stars oh yeah
Groove on Sister Moon
Groove on Sister Moon
Groove on Sister Moon

Groove on Sister Moon
