I'm not keeping time
Get me outta here
Folding up my crimes
Ready for what's said to me

All that glitters shine
Love that new attraction
Animal inside
Leads me to the conclusion

Don't save me from myself
Don't save me from myself

I listen to the wind
And mystery comes alive
Don't tie me up again
Separate love from possession

Does all that glitters shine
Love that new attraction
Animal inside
Leads me to the conclusion

Don't save me from myself
Don't save me from myself
