soundtrack

Is there anyone?  
Is there anyone?  
Is there anyone?

Oh I wonder if I'm walking  
Or if I'm falling into a dream  
There's a red hill in the distance  
Now it's rising in my mind, it's rising in my mind

Was it a sunset that I remember  
Or a vision of my future  
Where am I now deep in the valley  
Or am I back inside, back inside my room

Red hill where the air is still  
Is it watching me  
Can it see I will not climb  
If this is a dream, please let it continue  
If I ran for the hill  
Who would be there for me standing on this perfect  
land

Is there anyone?  
Is there anyone?  
Why don't you tell me  
Which way to be  
Give me pain or security  
Oh this red hill has all the mystery  
It's full of quiet hope and unknown destiny

My love I say this is loneliness  
Like a cold dream yet it chills me  
Time goes painfully  
Then it disappears  
With a touch of warmth or lasting grace

Red hill where the air is still  
Watching over me can it see I will not climb

It makes me feel uneasy in the valley of my sleep  
If I fall down  
Will the hands that reach out be my friend or foe?

Red hill where the air is still  
Watching over me can it see I will not climb

Red hill where the air is still  
Watching over me can it see I will not climb

Red hill where the air is still  
Watching over me can it see I will not climb
