No time to stop  
Keep on movin'  
Whole world is to see  
No time to think  
Of things that I am missin'  
Wherever I go  
Black cloud's followin' me

Each and every town  
From father's last relations  
No-one will not hand us to eat  
Ever when I settle down  
I ain't got the passions  
Wherever I go  
Black cloud's followin' me

I'm a citizen of nowhere  
The sky's above my head  
I wonder where the grass grows  
Looking through the sunshine  
'Til my judgement day, my judgement day  
Wherever I go  
Black cloud's followin' me  
Oh, it's followin' me around  
Don't leave me be

No time to think of the things that I am missin'  
I've got to keep on movin' along, eh  
You know I can't settle down, righty babe  
Don't come, come to me

No time to stop  
Keep on movin'  
Whole world is to see  
No time to think  
The thing that I am missin'  
Wherever I go  
The black cloud's followin' me

I'm a citizen of nowhere  
The sky's above my head  
I wonder where the grass grows

Looking through the sunshine  
'Til my judgement day, my judgement day  
Wherever I go  
Black cloud's followin' me  
You know it's following, following, following me  
Don't let me go  
Keep over baby
