You said you had some friends
Across the river
You almost didn't go
But you changed your mind
Now I sit alone
Mmmm, thinkin' about you
Talkin'
To myself
Know you must know
How hard it all must be
To walk around
With love left in your heart
Though
I know this isn't right
Where you
You are on your own
Come on
Do something fast
You know
I won't last
Will our love end
Will our love end
Will our love end
I wonder

Come on
Do something fast
You know
I won't last
Will our love end
Will our love end
Will our love end
I wonder
I'll see you soon my friend
'Cross the river
Surely I will go
I won't change my mind
Will I sit alone
Mmmm, thinkin' about you
Talkin'
To myself
Come on

Do something fast
'Cause you know
I won't last
Will our love end
Will our love end
Will our love end
I wonder
