### "Dead Inside"

From time to time  
You slip through the cracks of my mind  
I try  
But I just can't keep my hard feelings inside

(It's safe) It's safe to say (to say)  
(Hard feelings inside) Too many times I've walked  
away  
Dead inside  
Dead inside

I tried but I just can't keep my hard feelings inside

I said I wouldn't react  
I said I wouldn't go back to that place  
I can't control my rage  
I turned my back on that and then I ran so far away

Feelings are hard  
Feelings are hard  
Feelings are hard  
Feelings are hard for me
