The books they read don't say much to me
The streets are talking so you better believe
I'm going to listen
And take advantage of every chance I'm given
I won't be sad
Never look back at what I don't have

I've been outcast
You only have one future, one past is true
I've been outcast
From the likes of you
Outcast from the likes of you
True outcast
You only have one future, one past is true
I've been outcast
From the likes of you
Outcast from the likes of you

The blueprint for American dreams
Wasn't built to advance the likes of me and you
And you know that it's true
But you want it so bad
You're getting nowhere
Don't be sad
Take advantage of every chance you have, you're -

Outcast
You only have one future, one past is true
I've been outcast
From the likes of you
Outcast from the likes of you
True outcast
You only have one future, one past is true
I've been outcast
From the likes of you
Outcast from the likes of you

True outcast, go

I didn't want to do it, but I was forced into it
I was forced into from the likes of you

And you and...

I didn't want to do it, I was forced into it
I didn't want to, but I forced into
From the likes of you, and you, and you, and you

Outcast

You only have one future, one past is true
I've been outcast
From the likes of you
Outcast from the likes of -

I'll always be outcast for life
