Circling your (2x)

Circling your head, contemplating everything you ever said

Now I see the truth, I got a doubt

A different motive in your eyes and now I'm out, see you later

Bridge:

I see your fantasy, you wanna make it a reality paved in gold

See inside, inside of our heads, yeah, well now that's over

I see your motives inside, decisions to hide

CHORUS:

Back off I'll take you on

Headstrong to take on anyone

I know that you are wrong

Headstrong, we're headstrong

Back off I'll take you on

Headstrong to take on anyone

I know that you are wrong

If this is not where you belong

I can't give everything away, I won't give everything away

Conclusions manifest, your first impressions got to be your very best

I see your full of shit and that's alright

That's how you play, I guess you get through every night

Well now that's over

Bridge

CHORUS

I can't give everything away (this is not where you belong)

I won't give everything away

I know, I know all about (3x)
I know, I know all about your motives inside, and your
decision to hide

CHORUS

I can't give everything away
I won't give everything away (this is not where you
belong)
