I was sick of restrictions
Sick of the boundaries
About to close the door
Such a lack of conviction
No real connection
What should I settle for
But you caught my attention
You built on the tension
And you left me wanting more
Now I don't know what I can do with myself
Do with myself
I don't want nobody else

I let you in, I let you in
And you infected me
Can't get enough of you
Can't get enough of you
I breathed you in, I breathed you in
And now I'm in too deep
Don't think I'm pulling through
Don't think I'm pulling through
Can't get enough of you
(Can't get enough of you)

You're so contagious
Running through my veins
You're so contagious
Holding onto every word
You're so contagious
And I can't get away
You're so contagious
And now I know for sure
There is no cure

I saw your intentions
I gave you permission
Go ahead and start the war
I was out of addictions
By my own admission
Oh, I've been keeping score
But you made an exception
You taught me a lesson

Who cares where I've been before?
You would never leave me all by myself
All by myself
You don't want nobody else

I let you in, I let you in
And you infected me
Can't get enough of you
Can't get enough of you
I breathed you in, I breathed you in
And now I'm in too deep
Don't think I'm pulling through
Don't think I'm pulling through
Can't get enough of you
(Can't get enough of you)

You're so contagious
Running through my veins
You're so contagious
Holding onto every word
You're so contagious
And I can't get away
You're so contagious
And now I know for sure
There is no cure

I am burning in your fire
(There's no cure)
I have only one desire
(There's no cure)
Now I don't know what to do with myself
Do with myself
(I can not deny her)
(There's no cure)
Now I don't know what to do with myself
Do with myself
I don't want nobody else

I let you in, I let you in
And you infected me
Can't get enough of you
Can't get enough of you
I breathed you in, I breathed you in
And now I'm in too deep
Don't think I'm pulling through
Don't think I'm pulling through
Can't get enough of you
(Can't get enough of you)
Can't get enough of you

You're so contagious

Running through my veins
You're so contagious
Holding onto every word
You're so contagious
And I can't get away
You're so contagious
And now I know for sure
There is no cure

You keep running
You keep running
You keep running through my veins
(You're so contagious)
You keep running
You keep running
You keep running through my veins
(There is no cure)
You keep running
You keep running
You keep running through my veins
(You're so contagious)
You keep running
You keep running
You keep running through my veins
