You must have pulled the trigger  
Your eyes give you away  
The gun in your hand's  
Still smoking  
You don't have to take the blame  
You have to do what you have to do  
You know I'd never judge you  
Still time to close those eyes  
Forget what happened  
Forget you lied

Put the mask back on  
Put the mask back on  
Don't take it off  
'Till everybody's gone

Put the mask back on  
Put the mask back on  
Never a disguise  
As ever lasted so long

Cover Up  
Cover Up  
Don't let them  
See the real you  
If your secrets  
Cast aside me  
All those rumours might  
Just end up being true

You're free to do  
What you want  
You never though  
Of consequences  
You created  
Your own little world  
Where you could always  
Beat a friend  
A place where the rules  
Do not apply  
You could never be denied  
You took advantage

Of a good think  
Now the void  
You filled is empty

Put the mask back on  
Put the mask back on  
Don't take it off  
'Till everybody's gone

Put the mask back on  
Put the mask back on  
Never a disguise  
As ever lasted so long

Cover Up  
Cover Up  
Don't let them see  
The real you  
If your secrets  
Cast aside me  
All those rumours might  
Just end up being true

Cover Up  
Cover Up  
Don't question anything you do  
You have always get decoyed  
But your conscience hunts you  
Every time you choose

Does anyone  
Ever reach down to you?  
Does anyone  
Ever seen your real face?  
Does anyone  
Know what you've been doing?  
Does the one  
We used to know fades away?

Cover Up  
Cover Up  
Don't let them see the real you  
If your secrets cast aside me  
All those rumours might  
Just end up being true

Cover Up  
Cover Up  
Don't question anything you do  
You have always get decoyed  
But your conscience hunts you

Every time you choose
