All he wanted was a chance  
To tear down the glass  
And when he finally heard the crash  
He never did look back  
And he ran to pack his bags  
And headed down the path

Cause he knew there was something different  
Out there for him at last  
Free at last  
Do you believe  
Yea

*[chorus]*

*([background:])* I will never ever be the same) Now he's  
all on his own  
So far away from home  
And in the back of his mind  
Watching from the corner of his eye he said  
I will get whats mine

All he needed was a glance

Of everything he had  
And when he finally made his stance  
No one could hold him back  
Cuz they dont understand  
He holds it in his hands

Cuz he knew there was something different  
Out there for him at last  
Free at last  
Do you believe

*[chorus]*

All he wanted was a chance  
All he wanted was a chance  
All he wanted was a chance  
Free at last oh yea  
Do you believe

*[chorus]*

I will get whats mine  
I will get, i will get whats mine
