I can't run, too dangerous to open the door  
I can't hide, there's nowhere to go anymore  
I've got nothing to hold on to  
I can't break through, living in the eye of the storm  
living in the eye of the storm

I'm watching all of these dark clouds  
I'm watching blue skies turn to gray  
And the lightening has struck ground  
And a million eyes start to rain  
I'm watching everything go down  
I'm watching everything wash away  
Lonely streets don't talk now  
Nobody hears what they got to say

I know I got to be strong  
But it's hard to hold on and on and on and on and  
on

I can't run, too dangerous to open the door  
I can't hide, there's nowhere to go anymore  
I've got nothing to hold on to  
I can't break through, living in the eye of the storm

So numb, surrounded by a violent force  
Inside, fighting through a deepening war  
I need something to hold on to  
To get me through, living in the eye of the storm

I'm watching hopeful hearts breaking  
I'm watching lovers turn to enemies  
All our memories fading  
We forget the ones we really need  
I'm watching evil men break dreams  
I'm watching good intentions turn to greed  
Never satisfied taking  
All the power just couldn't feed

I know I got to be strong  
But it's hard to hold on and on and on and on and  
on

I can't run, too dangerous to open the door  
I can't hide, there's nowhere to go anymore  
I've got nothing to hold on to  
I can't break through, living in the eye of the storm

So numb, surrounded by a violent force  
Inside, fighting through a deepening war  
I need something to hold on to  
To get me through, living in the eye of the storm

Did you get everything you wanted  
Did you get everything you wanted  
Did you get everything you wanted  
Did you get everything

I can't run, too dangerous to open the door  
I can't hide, there's nowhere to go anymore  
I've got nothing to hold on to  
I can't break through, living in the eye of the storm

So numb, surrounded by a violent force  
Inside, fighting through a deepening war  
I need something to hold on to  
To get me through, living in the eye of the storm  
Living in the eye of the storm
