I analyze everything
I know what you mean
I answer by questioning
All that I need

And I want to, to surrender
I want you to see all the sides
All the faces inside of me

I see, I'm not perfect
But that's all I see
Lost in a portrait
In a picture of me

This can't be everything I see
That my canvas is incomplete
Your color's everything to me
And my canvas will set me free

My outline is solid
And made up of crime
And the things that you say
Just burn in my eyes

I want to, to surrender
I want you to find some comfort
In the spaces between the lines

I see I'm not perfect
But that's all I see
Lost in a portrait
In a picture of me

This can't be everything I see
That my canvas is incomplete
Your color's everything to me
And my canvas will set me free

This can't be everything I see
My canvas is incomplete
Your color's everything to me

This can't be everything I see
That my canvas is incomplete
Your color's everything to me
And my canvas will set me free

This can't be everything I see
That my canvas is incomplete
Your color's everything to me
You're everything to me
