The pressure is building, I want to break away
Motivation is lacking, the point starts to fade
I look to my bottom, still empty still the same
I'm waiting for something to show me the way

To the path that I should've take
It's just too real to go ahead
And fake every step that I make
Name your price, I would give anything
I would give anything
I, I want to start over again

What do I want, I have nothing to say
Whatever it is, I want it today
Do we choose our own ground? Do we choose to stay?
Well, I've seen too many throw it away

Do I see just one small chance
To be myself to try to make it last
Every step that I make
Name your price, I would give anything
I would give anything
I, I want to start over again

Name your price, 'cause I don't feel so right
Am I the only one?

La da da da, da da da
La da da da, da da da
Why don't you show me?
Why don't you show me?

To the path that I should take
It's just too real to go ahead
And fake every step that I make
Name your price, I would give anything
I would give anything
I, I want to start over again

Name your price, 'cause I don't feel so right
Am I the only one?

La da da da, da da da
La da da da, da da da
La da da da, da da da
La da da da, da da da
La da da da, da da da

Name your price, 'cause I don't feel so right
Am I the only one?
