So, What is it now 'bout me
That you can't give into
Forcing myself back
No I can't talk to you

Maybe I should realize
There's a chance that
I was never meant to be with you

So just leave me standing
Never make that promise
Shut away your feelings all for me
Forcing you to believe in something real
I cannot hurt you
Run away
I won't complain it's all my fault
Meaning as observed by you

You see me beg and plead
It's what I always do
I guess I got off track
Oh I must be confused

Maybe I should realize
There's a chance that
I was never meant to be with you

So just leave me standing
Never make that promise
Shut away your feelings all for me
Forcing you to believe in something real
I cannot hurt you
Run away
I won't complain it's all my fault
Meaning as observed by you

Would you care
If I was scared
Would you care
If I was scared

I am

For you

Leave me standing
Never make that promise
Shut away your feelings all for me
Forcing you to believe in something real
I cannot hurt you
Run away
I won't complain it's all my fault
Meaning as observed by you
