### "The Last Tear"

Sharp pain when you breathe in deep  
no one to catch your insecurities  
you cling to the sadness in your dreams  
being happy is something you don't need

You know how to play that game  
even though you're the only one who plays  
so attached to the feelings that you fake  
your weakness is your only strength

*[bridge]*

Your so emotional yet  
I don't think you feel anything  
so conversational everytime  
you start to scream

*[chorus]*

Dark circles right around your eyes your drama turns  
into sigh, you always swear this is the  
last tear you'll never cry, you traded honesty for lies  
you faked it all your life, you always  
swear this is the last tear you'll never cry

Are you bored with the life you chose  
you pushed them all away you know  
you never aloud yourself to grow  
are you angry at me now that you are exposed

Your story was always based on fiction  
so many layers of contradictions  
only your fear has driven your decisions  
has pain become your own addiction

*[bridge]*

*[chorus]*

*[repeat - bridge and chorus]*

You always swear this is the last tear you'll never cry

*[repeat]*
