I've got a little A-bone like you never have seen

A way-out wailin' type of boss machine

Top eliminator at all the big name drags

Well she's stroked and bored and shaved so neat

and sittin' right next to my bucket seat

It's a bang-shift hydro with a big shillalie ah  
HAHAHAHAHA...

Cobra, Cobra where have you been, I've been lookin' all  
over and back

again

My little A-bone's just achin' to shut you down

She's a'runnin' smooth, she's a'runnin' true

She's got a big surprise for you

It's a bang-shift hydro with a big shillalie, ah  
HAHAHAHAHA

Cobra, Stingray what'cha gonna' do when my little A-  
bone comes lookin'

for you

Cobra, Stingray ain't cha gonna' weep when you see  
my taillights down

the street

Cobra, Stingray what'cha gonna' do when my little A-  
bone comes lookin'

for you

Cobra, Stingray ain't cha gonna' weep when you see  
my taillights down

the street

Well my little A-bone went over the hill, left that Cobra  
standin' still

Buddy, buddy, buddy better shut your Cobra down

Well your clutch is burnin', your tires are hot

You don't know what my A-bone's got

It's a bang-shift hydro with a big shillalie, ah  
HAHAHAHAHA

You don't know what my A-bones got

You don't know what my A-bones got

You don't know what my A-bones got
