Insanity
Many different thoughts
I remeber only
Pieces of time
I'm lost in reality
Constellation of myriads
Neurons
Waiting for final signal
In my view
It's escape to normality
But I'm not sure
Why do you bother me?

Is it a part of the dream?
Is it a heroine trip?
Like in a cage
Neverending maze

On the edge of nightmare
I feel like a part of game
Like a cog in
Neverending maze

Down beyond the perception
Beyond the perception
Down beyond the perception
Beyond the perception

[Lead: Mister]

Down beyond the perception
I try to be myself
In my dream all things
Are real and plain
So horrible life ends
In gray lights of reality
But I'm not sure
Why do you bother me?

Down beyond the perception
Beyond the perception
Down beyond the perception

Beyond the perception
