The hell inside  
In our minds  
The key to understand  
The wreak of havoc  
If you feel contempt  
To the slime  
The outrage to fools  
Enjoy the hellfire club

Profane words  
Just stupid lies  
In our world  
Nothing and everything  
Is blasphemy

Wolf amongst the sheeps  
Infernal law rules everywhere  
But in normal life  
You have to be the same  
Don't tell me  
It is hard to be yourself  
If you blame the world  
The coward is your name

[Lead: Mister]

Profane words  
Just stupid lies  
In our world  
Nothing and everything  
Is blasphemy  
The truth is, that  
The most important is  
Your fucking life  
The first and the last  
And nothing's change

The hell inside  
In our minds  
The every move  
Behind your back  
The every men

You stay in touch  
The part of slime that you can be  
Without hellfire club
