A selfish man by God was sent to the great Ninevah
Preaching to repent
To be destroyed in 40 days if not turning from their
wicked ways
A false by all displayed
Compassionate God, His wrath delayed
The years have passed
The time has come for God's wrath and will to be done
Do not follow Ninevah, Ninevah is devastated
The walls emaciated, the streets forever lost her idols
finally crushed
Woe to the bloody city full of hate and lies
Bowing to Nisrock before God's eyes
Horsemen charging, swords are flashing
A mass of corpses of countless dead bodies
I am against you declares the Lord of hosts
Showing your nakedness and shatting evil
Hopes throwing filth on you to make you vile
You'll be a spectacle, straight up be reviled
We stumble over the dead bodies
Who will grieve for you, who will grieve for me?
Destruction of Ninevah will help us see
True repentance, being vital and the destruction of all
of our idols
Devastated
