Life is hard to live always
Even on the new days
When you give it all youÃfÂçâ, ÑÂ™ ve got
And time is far too fast to stop
Each second on the clock
Proves every days a new day
ThatÃfÂçâ, ÑÂ™ s why we ought to hold each other
tonight
We ought to kiss under the moonlight
Call back and cancel the flight
IÃfÂçâ, ÑÂ™ ll stay right here by your side
IÃfÂçâ, ÑÂ™ ll take care when you lose control
With force on each other weÃfÂçâ, ÑÂ™ ll pull
You can never lose your soul
I wonÃfÂçâ, ÑÂ™ t let you lose your soul
If I could sleep
Under the sea
And find someway to breathe
I know youÃfÂçâ, ÑÂ™ d sleep next to me
If I could swim
My way through the clouds
Discover new light and sound
IÃfÂçâ, ÑÂ™ d sing bright and loud
