Look out your window
That grass aint green
Its kinda yellow
See what I mean?
Look up your chimney
The sky aint blue
Its kinda yellow
You know it's true
Its so hard to figure what it's all about

(chorus)
When your outsides in (inside out)
And your downsides up (upside down)
Yeah, your upsides right (rightside up)
Yeah, don't it make you wanna twist & shout
When you're inside out

Look down your drain pipe
What color do you see?
Its got to be yellow
Don't try to fool me
And don't it make you wanna twist and shout

(chorus)

Be careful where you're walking
You might step in something rough
Be careful where you're talking
And saying all that stuff
Take care when you are breathing
Somethings funny in the air
And somethings Im not saying
Bout what's happening out there
Its inside out

Look into the future
With your mystic crystal ball
See if it aint yellow
See if it's there at all
Aint no shadow of doubt
Don't it make you wanna twist and shout

(chorus)
