When tomorrow becomes yesterday
You need a says
When the crowd don't swallow you up
It's such a sad day (?)
Oh no
Doesn't need anybody to mess you up
Doesn't need anybody to kiss you
Doesn't need and they don't really miss you

They do
Don't you
It's true
When you're feeling
Blue on a black weekend
Come and see me when you need a friend
Blue on a black weekend
Oh no, oh no, oh no
You're not having a solo ballot (?)

Tonight's proved lame
Burn your telly
Causes to blame for all your blue days (?)
Oh no
Doesn't need anybody to mess you up
Doesn't need anybody to kiss you
Doesn't need and they don't really miss you
They do
Don't you
It's true
When you're feeling
Blue on a black weekend
Come and see me when you need a friend
Blue on a black weekend
Oh no, oh no, oh no
