[Chorus]

I would like to say that I never meant to make you cry,  
I think about you everyday, no matter what your friends  
might say,  
Everybody knows my name, even though I'm still the  
same,  
I just would like to say that I, I never ever meant to  
make you Cry

[verse 1]

I would like to know why, there are clouds in the sky,  
Every time I fall in love  
and I would like to know why I'm sitting here on my own.  
I would like to know why, when to find a nice guy,  
someone I can lean upon  
I mess it all up and then I wonder why I'm all alone.  
Tell me if you think that I'm talking way too much,  
Tell me if you'd like to stay in touch.

[Chorus]

[verse 2]

Sitting on the sofa, letting life go by,  
Thinking about the Early days  
Thinking about the times when I heard you were my  
crazy ways  
All I wanna do is look around for you, yeah drive until  
the break of dawn  
Tracking and calling and pleading till your coming  
home

Tell me if you think that I've been a bit too much,  
Tell me if you'd like to stay in touch.

[chorus]

I didn't mean to be so cruel, I didn't mean to let you  
down,  
So sorry for the rain on your parade and all the pain  
you must have gained because of me.

[chorus]
