# "Good Time Girls"

Visit "[Good Time Girls](#)" on [MotoLyrics.com](https://MotoLyrics.com)

It's another summer holiday  
We go looking out for the good time girls  
Good time girls, smarter than normal girls  
Good time girls, drinking and taking pills

Good time girls, having a good time  
Sitting in the sun, drinking expensive wine  
Good time girls, I want to be with you  
Pick me up when I am feeling blue

It's another summer holiday  
We go looking down for the good time girls  
Good time girls, smarter than normal girls  
Good time girls, straight hair and hair that curls

Good time girls, having a good time  
Sitting in the sun, drinking electric wine  
Good time girls, will you come out with me?  
Make me happy, bringing me cups of tea

Oh yes, oh yes  
Good time girls having a good time  
Good time girls having a good time  
Good time girls having a good time  
Good time girls having a good time

Good time girls having a good time  
Good time girls having a good time  
Good time girls having a good time  
Good time girls having a good time
