They were following me  
They were following everyone  
And they had visions of me  
Holding hands walking in to the sun?

Now people get down  
People get down, people get hurt  
When you did it to me  
I was already in the ground

And then I'll never get into your heart  
Though I don't even want to start  
I'll never get into your heart  
I'm just happy to hang around  
Happy to hang around  
Happy to hang around

Take a picture of me  
Show it to everyone  
And no more pictures of you  
No more love, no more setting sun

Now people get down  
People get down, people get hurt  
And when you did it to me  
I was already in the dirt

And then I'll never get into your heart  
Though I don't even want to start  
I'll never get into your heart  
I'm just happy to hang around  
Happy to hang around  
Happy to hang around

And I'll never get into your heart  
Though I don't even want to start  
I'll never get into your heart  
I'm just happy to hang around  
Happy to hang around  
Happy to hang around
