I'm so lonely
God won't know me
I can hardly get up
I sold my halo
Back in April
Now I can't hold my head up

So ring out the bell
I'll fly where there's someone to tell
My shoulders are colder since I fell

Someone see me
Feel me breathing
Someone get me closer
If I see sunrise
And screw up my eyes
I don't feel so lonesome

So ring out the bell
I'll fly where there's someone to tell
My shoulders are colder since I fell

I'm doing fine
I'm getting by
Tell me what I should do

God knows why I'm
Watching the sky
It's so blue

One fine morning
Without warning
I'll go through the
Blue sky
Until I do I'll
Wait for you
So I can get this right

So ring out the bell
I'll fly where there's someone to tell
My shoulders are colder since I fell
So ring out the bell

I'll fly where there's someone to tell
My shoulders are colder since I fell
