

Travis "Say Hello"

Just a little prayer
Living in my mouth
Wish you were here
Could be somehow
This game is lost?
You're feeling low
Not strong enough
To let it go

Say hello, say hello
Say hello.

Into this heart
I put my blood
Each little part
Beats like a drum, in perfect time

You never tried
You never tried work

(Work it out)
Let go inside
But you never could

Just say hello
Say hello, say hello
Say hello
Say hello

This selfish Jean
Has taken hold
Is locked within
But you never lost

Say hello, say hello
Say hello?
