Today is the day
For dancing and for singing
The birds in the trees and all
The bells are ringing
The sun is in the sky
Is bright as bright second light
Is bright oh god I hope I'm alright

Cause I'm gonna cry
Hold on, hold on
Slow down, slow down
You're out of touch
Out of touch
'Cause there is no design for life
There's no devil's haircut in my mind
There is not a wonderwall to climb
To climb or step around
But there is a slide show and it's so slow

Flashing through my mind

Today was the day
But only for the first time
Hold on, hold on
Slow down, slow down
You're out of touch
Out of touch

'Cause there is no design for life
There is no devil's haircut in your mind
There is not a wonderwall
To climb or step around
But there is a slideshow and it's so slow
Flashing through my mind

Today was the day
But only for the first time
I hope it's not the last time
