Sing

Baby, you've been going so crazy

Lately nothing seems to be going right

Solo, why do you have to get so low

You're so...

You've been waiting in the sun too long

But if you sing, sing, sing, sing, sing, sing

For the love you bring won't mean a thing

Unless you sing, sing, sing, sing

Colder, crying over your shoulder

Hold her, and tell her everything's gonna be fine

Surely, you've been going too early

Hurry 'cos no-one's gonna be stopped

Na na na

But if you sing, sing, sing, sing, sing

For the love you bring won't mean a thing

Unless you sing, sing, sing, sing, sing, sing, sing

Baby, there's something going on today

But I say nothing, nothing, nothing

Nothing, nothing, nothing, nothing

Dear Diary

Dear Diary

What is wrong with me?

'Cos I'm fine between the lines

Be not afraid

Help is on its way

A sentence suspended in air

Way over there

Dear Diary

What else could it be?

As nightshade descends like a veil

Under the sail of my heart

Be still, don't stop until the end

Dear Dairy

What is wrong with me?

'Cos I'm fine between the lines

Side

Well I believe there's someone watching over you

They're watching every single thing you say

And when you die  
They'll set you down and take you through  
You'll realise one day  
That the grass is always greener on the other side  
The neighbour's got a new car that you wanna drive  
And when time is running out you wanna stay alive  
We all live under the same sky  
We all will live, we all will die  
There is no wrong, there is no right  
The circle only has one side  
We all try hard to live our lives in harmony  
For fear of falling swiftly overboard  
But life is both a major and minor key  
Just open up the chord  
But the grass is always greener on the other side  
The neighbour's got a new car that you wanna drive  
And when time is running out you wanna stay alive  
We all live under the same sky  
We all will live, we all will die  
There is no wrong, there is no right  
The circle only has one side

#### Pipe Dreams

I read it all, every word  
And I still don't understand a thing  
What had you heard?  
What had you heard  
Was it love, was it take another walk in the dark?  
You'll never learn  
I'd pray to God if there was heaven  
But heaven seems so very far from here  
And it all boils down to the same old thing  
Just a yin and a yang or a couple of pipe dreams  
And it all boils down to the same old pain  
Whether you win or lose isn't gonna change a single  
thing  
I stood in line and a thought crossed my mind  
I had been dreaming but I didn't mind  
I signed the line and the woman looked right through  
me  
She didn't smile  
I'd pray to God if there was heaven  
But heaven seems so very far from here  
And it all boils down to the same old thing  
Just a yin and a yang or a couple of pipe dreams  
And it all boils down to the same old pain  
Whether you win or lose isn't gonna change a single  
thing  
I'd pray to God if there was heaven  
But heaven seems so very far from here  
And it all boils down to the same old thing

Just a yin and a yang or a couple of pints please  
And it all boils down to the same old pain  
Whether you win or lose isn't gonna change a single  
thing  
And it all boils down to the same old feat  
Just a link in a chain, just a puppet on a string  
And it all boils down to the same old pain  
Whether you win or you lose  
Whether you win or you lose  
Whether you win or you lose  
Whether you win or you lose

#### Flowers In The Window

When I first held you I was cold  
A melting snowman I was told  
But there was no-one there to hold  
Before I swore that I would be alone forever more  
Wow, look at you now  
Flowers in the window  
It's such a lovely day  
And I'm glad that you feel the same  
'Cos to stand up in the crowd  
You are one in a million  
And I love you so let's watch the flowers grow  
There is no reason to feel bad  
But there are many seasons to feel glad, sad, mad  
It's just a bunch of feelings that we have to hold  
But I am here to help you with the load  
Wow, look at you now  
Flowers in the window  
It's such a lovely day  
And I'm glad that you feel the same  
'Cos to stand up in the crowd  
You are one in a million  
And I love you so let's watch the flowers grow  
So now we're heer and now is fine  
So far away from there  
And there is time, time, time  
To plant new seeds and watch them grow  
So there'll be flowers in the window when we go  
Wow, look at you now  
Flowers in the window  
It's such a lovely day  
And I'm glad that you feel the same  
'Cos to stand up in the crowd  
You are one in a million  
And I love you so let's watch the flowers grow  
Wow, look at you now  
Flowers in the window  
It's such a lovely day  
And I'm glad that you feel the same

'Cos to stand up in the crowd  
You are one in a million  
And I love you so let's watch the flowers grow  
Let's watch teh flowers grow

#### The Cage

You broke the bread  
We drank the wine  
Your lip was bleedin' but it was fine  
Come on inside, babe, across the line  
I love you more than I  
But then this bird just flew away  
She was never meant to stay  
Oh to keep her caged would just delay the spring  
You broke your word  
Now that's a lie  
We had a deal that you would try  
Come on inside, girl, I think it's time  
High time we drew the line  
But then this bird just flew away  
While I looked the other way  
Oh to keep her caged would just delay the spring  
Oh you broke my soul  
Dear you stole the plot  
You left an empty shot  
There's nothing left here 'cos you took the lot  
An empty cage is all I've got  
'Cos when your bird has flown away  
She was never meant to stay  
Oh to keep her caged would just delay the spring  
To keep her caged would just delay the spring

#### Safe

Take all the goods from all the bads  
And tell the people that you've gone away  
Now lift your head up to the sky  
Now you can tell apart the blacks from whites  
We waste the time they treasure dear  
My only thought is that they could be right  
Oh look there goes another year  
About as distant as a satellite  
And I feel safe, so safe  
So safe  
The world's a small child in the dark  
And my mind's the same place as it's always been  
The monsters seem to fade so fast  
Upon the waking of another dream  
And I feel safe, so safe  
And I feel safe, so brave  
I'm not afraid of anything they've got to say  
And you're ok because you're tucked away

Don't go astray, you've got to be just who you are  
Who you are  
When I was young things didn't last  
My only care stemmed to the price of sweets  
Now I am older I can laugh  
A dolly mixed up man with rotten teeth  
And I feel safe, so safe  
And I feel safe, so safe  
And I feel safe, so safe, so safe  
And I feel safe, so safe  
And I feel safe, so safe

Follow The Light  
Nobody really knows  
Where they're supposed to go  
Hiding behind a wall  
Afraid that they'll lose it all  
But it's alright  
Just follow the light  
And don't be afraid of the dark  
In the moonlight  
You'll dance till you fall  
And always be here in my heart  
But nobody wants to know  
'Cos nobody even cares  
Everyone's on the make  
Yeah and everyone's out for themselves  
Me I'm on the longest road  
Where everything's overload  
But I've got my heart and soul  
So don't throw me overboard  
'Cos it's alright  
Just follow the light  
And don't be afraid of the dark  
In the moonlight  
You'll dance till you fall  
And always be here in my heart  
'Cos it's alright  
Just follow the light  
And don't be afraid of the dark  
In the moonlight  
You'll dance till you fall  
And always be here in my heart  
'Cos it's alright, alright now  
And you're alright  
Yeah we're alright now

Last Train  
Rain on the brain  
Now there's flowers in your window  
She, well she's so strange

I don't know anything about her  
But if it's all the same to you  
Here's what I'm gonna do  
I'm gonna write a song  
Gonna sing it to everyone  
And then I'll sing it to you  
'Cos it was you that wrote it too  
This could be the last train  
Search within yourself for feelings  
Everybody's got them  
You left me on the shelf  
And now there's no-one to rely on  
But if it's all the same to you  
Here's what I'm gonna do  
I'm gonna buy a gun  
Gonna shoot eberything, everyone  
And then I'm coming for you  
'Cos it was you that drove me to  
This could be the last train  
Woo-woo  
Woo-woo  
Woo-woo  
Woo-woo  
Rear window  
Wit the room in her hair  
And on her jacket  
There's a picture of Che Guevara  
As he sits beneath the tree  
But that's not important  
But he look a bit like me  
If you took all the little feelings in your heart  
And took all those little feelings apart  
Oh well now  
What's the point in doing all of that?

Afterglow  
Feeling myself all of the time  
All of the time feeling alright  
Taking awhile raising a smile  
Raising a smile makes it all worthwhile  
But if you wanted to find peace of mind  
Then you could find it anytime you liked  
You are the afterglow  
Feeling my way all of the time  
All of the time doing just fine  
Taking a page out of my life  
Out of my life wouldn't it be nice  
But if you wanted to find peace of mind  
then you could find it anytime you liked  
You are the afterglow  
You are the midnight show

The only one I know  
You come and then you go  
And when you finally leave  
You leave nothi
