We've been 'round the block
And we're getting on fine
But you don't know what I'm like
And I looked at the clock

And it was way past the line
Still you don't know what I'm like
We'd spend a good time
Trying to have a good time

And for all of the time it really seems okay
You're eventually lost and I'm happy because
You don't know what I'm like

You lived in my shoes
And you stayed at my flat
Still you don't know what I'm like

And it's you that will lose
What you think about that?
'Cause you don't know what I'm like
We'd spend a good time
Trying to have a good time

And for all the time it really seems okay
You're eventually lost and I'm happy because
You don't know what I'm like
And you don't know what I'm like

Now I'm on the TV
And you're on the phone
Still you don't know what I'm like

And I found someone new
And she's taking me home
She knows just what I'm like

We'd spend a good time
Where we have a good time
I think I found a place I want to stay

You're eventually lost

And I'm happy because
You don't know what I'm like
You don't know what I like
You'll never know what I'm like
