How many times,  
It's hard to say  
That I've waking up next to a note on the bed  
"got on a plane, I'll be back next week"  
And left without so much,  
As a kiss on the cheek

You're always gone and I'm never home  
You taught me everything I know about bein alone  
What do I do  
When I need you  
Who do I call  
When I don't want to do it no more?

Ooh

[Pre chorus]  
I'm not tryin to make you hurt but,  
You're getting exactly what you deserve  
So you can't tell me that I don't  
Have every reason in this world to leave you right now

[Chorus]  
I can count a thousand times  
That you've made me cry,  
A thousand games you used to play  
And so I guess that a thousand goodbye's...  
A thousand goodbye's is all I have to say.

[Verse 2]  
Tell me what you're thinking  
When I told you that me and you,  
We are finally over  
Make it a memory  
That's ancient history  
I know I can't help but keep  
Looking over my shoulder

Love is like a mark that never goes away  
And you got a part of my heart  
That I forever gave away  
What do I do

When I need you  
Who do I call  
Cause I don't want to do it no more?

[Pre chorus]

I'm not tryin to make you hurt but,  
You're getting exactly what you deserve  
So you can't tell me that I don't  
Have every reason in this world to leave you right now

[Chorus]

I can count a thousand times  
That you've made me cry,  
A thousand games you used to play  
And so I guess that a thousand goodbye's...  
A thousand goodbye's is all I have to say.

[Break]

There's nothing that's harder  
For me in this world  
Than to not be your girl  
But I wont stand the cheating and lies  
You're no kind of man  
You wont give any respect for me  
Cause you were never there  
You neglected me  
I'd rather spend my nights  
With somebody who  
Treats me like I'm supposed to be

[Talking]

Man, I gave you everything  
I gave you my time,  
I gave you my heart  
But you couldnt even give me anything in return  
All them late nights, worrying about you  
A thousand times you didn't call,  
A thousand tears you didn't cry  
All I have left for you is thousand goodbye's

[Pre chorus]

I'm not tryin to make you hurt but,  
You're getting exactly what you deserve  
So you can't tell me that I don't  
Have every reason in this world to leave you right now

[Chorus]

I can count a thousand times  
That you've made me cry,  
A thousand games you used to play  
And so I guess that a thousand goodbye's...

A thousand goodbye's is all I have to say.

It's all that I have,  
It's all that I have to say  
For all of the lies,  
A thousand goodbye's
