Lady Godiva, I ain't never met a girl like you, not like you  
You take me higher, and when I fall you're my parachute, ya it's you  
Cause I'm feeling like you're so sexy, you're so crazy  
I ain't met no one like you lately  
Time flies by it, and I don't notice when I'm with you  
And you ain't drama, you ain't tripping  
Other girls talk, but you just listen  
You're so special, don't know anybody like you

[Chorus]

Nobody's perfect, but you just might prove me wrong  
Well I guess, you're not just anybody, anybody  
Look past the surface, and you're still beautiful  
Well I guess, you're not just anybody, anybody

?? you just might be one of a kind, you're so rare  
I'd fly to meet ya,  
London, Paris, Rome, girl I will go, if you're there  
Cause I'm feeling like you're so sexy, you're so crazy  
I ain't met no one like you lately  
Time flies by it, I don't notice when I'm with you  
And you ain't drama, you ain't tripping  
Other girls talk, but you just listen  
You're so special, don't know anybody like you

[Chorus]

Nobody's perfect, but you just might prove me wrong  
Well I guess, you're not just anybody, anybody  
Look past the surface, and you're still beautiful

Well I guess, you're not just anybody, anybody

(Bond Scene)

Girl: I just want you to know that if all that was left of you was your smile and your little finger, you'd still be more of a man than anyone I have ever met.  
Bond: That's because you know what I can do with my little finger.  
Girl: I have no idea.  
Bond: But you are aching to find out.

Girl: You have me there, you can have me anywhere.  
Bond: Does this mean that yourÂ...warming to me?  
Girl: Yeah. That's how I would describe it. I'm afraid  
I'm a complicated woman.  
Bond: That is something to be afraid of. Whatever is  
left of me, whatever I am, I'm yours.

[Chorus]

Nobody's perfect, but you just might prove me wrong  
Well I guess, you're not just anybody, anybody  
Look past the surface, and you're still beautiful  
Well I guess, you're not just anybody, anybody  
Nobody's perfect, but you just might prove me wrong  
Well I guess, you're not just anybody, anybody  
Look past the surface, and you're still beautiful  
Well I guess you're not just anybody, anybody  
Well I guess you're not just anybody, anybody  
Well I guess you're not just anybody, anybody.
