oh oh
hey
sick and tired of dealing with this thing
over and over
it's like no matter what i do
i can never approach ya
ahh

and everytime i try
she just wants to fight
something isn't right
i can't deal with her
and i ain't even trying to talk
cause she ain't trying to listen
i'm always the one that she blames

baby girl
you're like a cold, cold winter
girl you're frozen
and you're just so bitter
filled with hope
that my love's gon' fix ya
ehh
you're stuck in a snow storm

you say you're sorry
then you turn around and do it again
haho woah
now everything is frozen over
and you act like you don't know it's the end
now baby where did your heart go

and everytime i try
she just wants to fight
something isn't right
i can't deal with her
and i ain't even trying to talk

cause she ain't trying to listen
i'm always the one that she blames

baby girl
you're like a cold, cold winter (oh)
girl you're frozen
and you're just so bitter
(you're bitter baby)
filled with hope
that my love's gon' fix ya
ehh (oh)
you're stuck in a snow storm

baby you're so cold
and i don't even know you no more
baby you're so cold
and i don't even know you no more

baby where did you're heart go

baby girl
you're like a cold, cold winter (oh)
girl you're frozen
and you're just so bitter
(it's like you're stuck in a snow storm)
filled with hope
that my love's gon' fix ya (ehh)
ehh
you're stuck in a snow storm

baby where did your heart go
(oh)
baby where did your heart go
(woah ho oh)
