I know that you like it, that you want it girl.
(We can do whatever you want to.)

What's up for the evening?
I'm dying to know
I picture you and me
In a room all alone
Pushing sh*t off of the counter
Straight to the floor
Hitting the ground at the same time
As all of your clothes.

Girl we're really gonna need a maid
To clean up the mess we made.
Yeah
No need to be ashamed
Nothing wrong with breaing things.
Ooh girl

Aaa
I'll turn you into a
Home, homewrecker
Aaa
I'll turn you into a
Home, homewrecker.

I'm interested in your body
And the look on your face.
Ain't nothing wrong with breaking
The material things.
Shattering all of the dishes,
flowers outta the vase.
The consequences of our actions
Left all over the place.
Yeeaaah

Girl we're gonna need a maid
To clean up the mess we made
Yea yea yeah.
No need to be ashamed,
Nothing wrong with breaking things.

Noo, girl.

Aaaa
I'll turn you into a
Home, homewrecker
Aaaa
I'll turn you into a
Home, homewrecker.

Go. g-go. (We can do whatever you want to.)
I know that you like it, that you want it girl.

Girl we're really gonna need a maid, need a maid, need
need a maid.
(We can do whatever you want to.)
No need to be ashamed, b-b-be ashamed.
Aaaa
I'll turn you into a
Home, homewrecker.
Aaaa
I'll turn you into a
Home, homewrecker.
Yeaaa
Homewrecker.
