(Line 1):

Subway Night time
Two men Fighting
Pistol shot one Right in the Heart
I Ran to him
scream for help and
Watched him die in my arms
Pointin' there fingers and callin' the Authorities
i Swear that im innocient i swear on my life
was minding my business
Now everyone's calling me

(Chorus):

Killer Killer Killer Killer
Killed a man with a
Killer Cutter Attitude
People on the street Move out my way
On The run cause my pictures' always in the news
Killer Killer Killer Killer
